ABOUT US

Canelas was established by artist Sofia Inez & Chemical Engineer Jorge Monreal. Both, with an innate passion for creating and exploring new things, blend their knowledge to create delectable masterpieces in signature styles. Using only finest ingredients, the cakes are joyful centerpieces for all of life's celebrations including

Ratatouille Cake

weddings, birthdays, anniversaries and christenings. Sofia's cake artistry is also available to the business community to celebrate important corporate milestones. Her favorite designs are those that come from working directly with clients to create cakes with personal meaning and lasting impact.

We are here to please our customers... We on purpose do not carry a large stock of desserts. Come to us with an idea or a request and we will have it fresh for you the next day, except custom cakes that generally requires additional time and unique materials.
